A striking and dominant colour, black evokes prestige, posing as a beautiful focal point of a lighter-themed space or making a beautiful tonal piece against darker, industrial surroundings.

Our range of black baths consists of shapes, styles and sizes suited to all interior styles. One of our most popular designs, the Vetrina is found in New York's, The Equinox penthouse suite. Alongside the striking Vetrina tub, discover distinct silhouettes such as the Palais, Benoit and the Hutton, each lends themselves as the perfect modern bath, enhanced by its dual finish of both matte and polished, creating contrasts in texture, feel, and aesthetic.

The dramatic shade is fitting to an array of interior styles including industrial, cosmopolitan and monochrome bathrooms. Crafted from our signature stone resin, the durable material provides a smooth and seamless touch which is guaranteed to last a lifetime, testament to our unrivalled quality. Discover black baths in matte, polished and dual finishes, and choose from round, oval and rectangle shapes.
